

Waterline (feat. Pusha T)

OWS

[Verse 1: OWS]

I won't mess you around again

I swear I'm not lying

You've not seen everything I am

That's not what I'm like

I've been a little bit proud, a little bit selfish

A little bit cold, a little bit drugged[Hook: OWS]

Don't let your hand slip out of mine

I know my heart doesn't always show

But you've hit me way down below the waterline

Just take me under one last time

Before we go[Verse 2: OWS]

Well, hard times were always gonna come

Sooner or later, oh

We let nothing divide us, dear

So we can't fight the change

I've been little bit cold, a little bit lonely

A little bit sad, a little bit shy[Hook: OWS][Verse: Pusha T]

You complain, I dismiss like tsk tsk

Then you get pissed, the nerve of this bitch

I just wish all the words that we dished

Hopeless, selfish, ain't exist

Hoping, honest, I resist

Oceans, timeless, the abyss

Dive in, what we deciding?

It's been too long, plus we dividing

That's simple math, ain't it?[Hook: OWS][Bridge: OWS x4]

It's all over now, I can't get over that

It's all over now

It's all over now, I can't get over that

It's all over now
