

# Can You Help Me?

## Buckethead

Gonna dig up bodies  
Gonna dig up bodies  
Gonna dig up bodies  
Can you help me? (a couple times) At night I play with dead bodies  
Can you help me?  
At night I play with dead bodies  
Do you wanna play too?  
Do you wanna play too?  
I wanna play with you! I want to play with pieces of bodies.  
I wanna play with pieces of you.. (couple times)
