Keep Drivin

Katharine Mcphee

All the memories I have come on through
Every corner thinkin' of you
So I keep on drivin', drivin'
Keep on drivin' down the avenue
Lost in the middle of the night like before
I won't sleep again until I know where you are
So I keep on drivin', keep on drivin'
Keep on drivin' down the avenue
It's a long way home and I feel undone
How I tried my best not to run
So I keep on drivin', keep on drivin'
Don't try to find me just let me go
I don't even have myself anymore
So I keep on drivin', keep on drivin'
Keep on drivin' down the avenue
It's a long way home and I feel undone
How I tried my best not to run
There comes a time when hope is lost
But you can still begin again
To stay around would cost too much
I am learnin'
It's a long way home and I feel undone
How I tried my best not to run
It's a long way home and I feel undone
How I tried my best not to run
So I keep on drivin, so I keep on drivin'
