Nocturnal Holocaust

Goatwhore

I've Climbed Into The Sun
Burned The Outer Layer
Sucked The World Inside
The Black Light Inside
Covering The Earth With Cold
With The Hands Of All EntiretySick Is The Sun
Black As The War Of Lies
I've Felt The Lords Speak-Out
Blackened The Moon
Foretold Plague To Rule
A Kingdom Of Blackness
Now The Wicked Shall Reign
Burn The Faith In MeEmpty Shadows... Left In Witness... Withered Rust
The Hands Bathed... In This Salt... Taste The Lust
Lord Of The Sick... Bringer Of Lies... Covering Your EyesYour Wicked Tongue
The Selfish God Above
The Hands Of Destiny
Betray My Innocent Soul
...My Alone
