

The Acrobat

Mortimer Nova

i can't hold out so long and you don't seem to care
i drove to your dorm but your room was rented out
and i know you can survive without me
it's been 3 years and i should be used to the feeling by now
circumstances change for the better
in your pragmatic scheme
central arbitration
watch... the skywriting in your journal is only keeping
a record of my defeats and inadequacies
when theres no difference between acting and living
a square is never round
circumstances change for the better
in your pragmatic scheme
central arbitration
watch... the sky
