

# How I Could Just Kill A Man

## Charlotte Sometimes

Go get your ribbon box  
Go get your wounded heart  
Seeing spiders, I'm told they never lie. Go get your brother love  
Go get your losing head  
Seeing fire, I'm told it never burns.[Bridge:]  
I want it all, I pull you back.  
I want it all.[Chorus:]  
Cry baby, cry baby, cry.  
Soaking down your face.  
Cry baby, cry baby, and you can't understand how I could just kill a man. No to your letters love  
No to unsturdy hands  
Sleeping eyes, I'm told they never lie. No to your key of rust  
No to your raging words  
Sleeping tires, I'm told they never drive.[Bridge][Chorus] If I wanted to stay, you won't stand in my way  
But I'm choosing to leave with your heart on my sleeve  
It feels too good without you[Chorus]
