

Vampires

Pet Shop Boys

Brother, don't matter
Sister, don't worry
Say what you like
I'll do what you want me to do You're a vampire
I'm a vampire too Sun in the kitchen
Boy, you're still sleeping
When you get hungry
I'll do what you want me to do You're a vampire
I'm a vampire too
You're a vampire
I'm a vampire too Night in the city
New Orlean's pretty
Do what you want
And then can I do it to you? You're a vampire
I'm a vampire too
You're a vampire
I'm a vampire too You're a vampire
I'm a vampire too
You're a vampire
I'm a vampire too It's a reflex
Just a reflex
Like fear or sex Brother, don't matter
Sister, don't worry
Say what you like
I'll do what you want me to do You're a vampire
I'm a vampire too
You're a vampire
I'm a vampire too Brother, don't matter
Sister, don't worry
Brother, don't matter
Sister, don't worry Brother, don't matter
Sister, don't worry
Brother, don't matter
Sister, don't worry
