Disciples of the Watch

Testament

Cast to the fire
Banned by the light
Worship and listen to me
Condemned in his mind
In his evil place
Your fate is all that you'll seeI am the one to show you the path
Salvation is in the fields
Listen up children, follow me
Or I'll let you pay the price of MalachiDisciples of the watch
(Obey or I'll burn you to that cross)Holding the mass
The demon is cast
To resurrect your soul
Calling to him is like an evil sin
A Prophet is what they're toldTaking the land under command
Killing friend or foe
Feel the might of his evil wrath
Desecrate your soulDisciples of the watch
(Obey or I'll burn you to that cross)
Disciples of the watch
Disciples of the watch
(Watch)ObeyCast to the fire, banned by the light
Worship and listen to me
Condemned in his mind
In his evil place
Your fate is all that you'll seeI am the one to show you the path
Salvation is in the fields
Listen up children, follow me
Or I'll let you pay the price of MalachiDisciples of the watch
(Obey or I'll burn you to that cross)
Disciples of the watch
Disciples of the watch
(Disciples of the watch)
