Leila

Les NÃ©gresses Vertes

At first I
Was speechless
At first I crumbled every time you smile
You're right here
Beside me
You're right here saying you'd like to stay awhile
All the people say we'll never
be the perfect type to stay together
But you know I promise you
we're gonna prove them wrong
Maybe this is wrong
Or maybe
You're the one for me
You're the one for me
This feels a lot like love
Leila, Leila, Leila
You're the one for me
December
Snow fallin'
But every word you whisper keeps me warm
All the odds are stacked against us
People say it's just a crush but

If I could, you know that I'd stay here my whole life long
Maybe this is wrong
Or maybe
You're the one for me
You're the one for me
This feels a lot like love
Leila, Leila, Leila
You're the one for me
Maybe I'll get hurt
and I should keep my distance
Be careful with my heart
But I don't to listen
Here with you tonight
Something in me knows this can be wrong
Maybe
You're the one for me

You're the one for me
This feels a lot like love
Leila, Leila, Leila
You're the one for me
Whoa
The one for me
