What I Need

Sunday People

I knew all the answers
The way my life should go
And when I used to say my prayers
I would tell God so
It seemed he wasn't listening
I thought he didn't care
But lookin' back
It's plain to see
He was always there
'Cause I prayed for strength
And I got pain that made me strong
I prayed for courage
And got fear to overcome
When I prayed for faith
My empty heart brought me to my knees
I don't always get what I want
I get what I need
I'm not sayin' that it's easy
Or that it doesn't hurt
Nothing seems to go my way
Nothing seems to work
These days I'm getting better
At goin' with the flow
Accepting that sometimes the answer
To a prayer is no
'Cause I prayed for strength
And I got pain that made me strong
I prayed for courage
And I got fear to overcome
When I prayed for faith
My empty heart brought me to my knees
I don't always get what I want
I get what I need
Every time I've had a door slammed in my face
In time a better one was opened in its place
I prayed for strength
And I got pain that made me strong
I prayed for courage
And got fear to overcome

When I prayed for faith
My empty heart brought me to my knees
I don't always get what I want
I get what I need
Oh I don't always get what I want
I get what I need
