

The Bronze Medal

Idlewild

It felt cold inside
So we threw the radio onto the fire
It felt good to watch it
Burn away to nothing You said you felt weak
I hope its got nothing to do
With the things you told me Nothing but your eyes
Looking down on the third place
You've got nothing but determination
To come in third You were always going to be like this
If it's somewhere that's as cold as this
You were always meant to be like this
In the cold It felt warm inside
So we threw the television on the fire
It wasn't frustration
Because I had nothing to throw away When there's nothing but your eyes
Looking down on the third place
When there's nothing but determination
To come in third You were always going to be like this
When you're somewhere that's as cold as this
It was always meant to be like this
In the cold You've got nothing but your eyes
Looking down on the third place
You've got nothing but determination
To come in third You know that you always meant to be like this
You know that I'm always meant to be like this
You know that you always meant to be like this
You know that you're always meant to be
