

# Better Life

Xuman

## CHORUS

You came for better life  
Your dreams are about to satisfy  
Youâ€™re self adoring  
Youâ€™re plans are so boring

## VERSE1

When you want to  
To believe in that time  
You could draw all  
All that pictures and signed

## PRE-CHORUS

But  
They keep their heads in the snow  
Theyâ€™re running unknown  
Theyâ€™re running alone  
They keep their hands in the soil  
They twist in that coil  
They warp in that toil

## VERSE 2

When you had to  
To bewail all your toll  
You could waste all  
All amount of your dole
