

Circle Song

Jewel

If you see me speak without words
Know that I am speaking of the wind
And if you see my words like wind
Know that soft tongues cut through stone
And if you see my tongue like stone
Know it's wisdom lies in silence
And if you see my wisdom in silence
Then with you I will always be
And if you doubt my true love is true
Just see how you have no chains upon your hands
And if you see you wear no chains
You are free like poor men
And if you see your freedom in being poor
Pleased you'll be with the treasure of your mind
And if you're pleased with the treasure of your mind
Then with you I will always be
So come closer my love, to me
You are closer than you can ever see
You live in my heart
That's where you'll always be
And if you wonder how it is that I love
Just watch the sun set slip away
And as you watch that sun slip away
Know some things are better left unseen
And if you know some things go unseen
Then night shall carry you in her arms
And if you feel I carry you in my arms
Then with you I will always be
With you I will always be.
