

Lady Dee

Hollie Smith

Verse 1:

Lady dee, she said to me the truth, on top of lies
I hoped she realized, the life in cycles
She always dragged you down, with the words she said
She said them too many times, if I only had a dollar for every lie

Chorus:

I donâ€™t ever want to say that you canâ€™t decide
And I donâ€™t ever want to hold against all you have
And I know that you need to stray
But I canâ€™t be the one

Verse 2:

All the things, that you didnâ€™t need, the insecurities
Are racing through your mind, holding back your life yeah yeah
She always brings you down,
Saying far too many times that youâ€™re not the type
Youâ€™re not the one, the one that they want around yeah yeah

Chorus:

I donâ€™t ever want to say that you cant decide
And I donâ€™t ever want to hold against all you have
And I know that you had to stray
But I canâ€™t be the one

Music Break:

Bridge:

Every breath you take, I will talk the talk
Every step you make, I will walk the walk
Every breath you take, I will talk the talk
Every step you make, I will walk the walk

Chorus:

Say that you canâ€™t decide
And I donâ€™t ever want to hold against all you have
And I know that you had to stray
But I canâ€™t be that one

I donâ€™t ever want to say that you canâ€™t decide yeah
And I donâ€™t ever want to hold you back

Hold you back 3x
But I canâ€™t be the one
