

# Paper Doll (Acoustic)

[Rachael Yamagata](#)

Only daughter  
You got your ticket too soon  
Holy Water  
'Cause everybody's getting ruined  
They are waiting to see what you do  
Too long, waiting Everybody's cleared the room  
And they'll dress you up  
Stand you in all the right places  
Words like honey  
Smile as they change your faces  
With no regard to you at all  
And you find they treat you like a paper doll And they'll dress you up for the flight  
Like Ophelia, you wave goodnight  
With the earth and sky you cheer and cry  
Writhe as all your days go by  
And laugh as you die Sweet softer shoulder, oh sweet sugar safe
