

That's How Love Moves

Bette Midler

It's such a mystery
How she found something in me
That I never knew was there
But she uncovered it so easily She turned me like a season
And I began to change
She wrapped herself around me
Now I'll never be the same That's how love works
That's how love moves
Like a river
Running through you Sometimes it lifts you as high as heaven
It consumes you
But, that's a given
That's how love moves I've seen walls that could never be broken
Come tumbling down
I've heard the voice of love
Calling without making a sound See I was touched by an angel
The day she took my hand
You know she's the miracle
That makes me everything that I am Sometimes it's just a whisper
Sometimes it's a storm
Sometimes it reaches forever
With it's everlasting arms That's how love works
That's how love moves
Like a river
Running through you Sometimes it lifts you as high as heaven
It consumes you
But, that's a given
That's how love moves
