

# Everyone Alive (live)

## Local H

I said " Hey, hello, Mom & Dad.  
Are things great? OK? or just plain bad?  
Are you alive? Is everyone alive?  
oh, yeah - well me? I guess I'm doing fine.  
I don't know why you'd think i would be lying.  
I'm alive like everyone's alive  
Is anyone alive?  
I'm all right. Everyone is alive. She said "Hey, Hello. How was your day?"  
I said "work is work. Don't know any other way.  
But I'm alive like everyone's alive.  
It's just the day to day that I seek.  
I gotta find a way to the end of the week  
and make it alive.  
Like everyone's alive  
I'm all right. I'm just fine.  
All my life I'm all right. Everyone is alive
