

# Stone On The Water

## Badly Drawn Boy

So we restored harmony  
Smooth the lines on the face of an old enemy  
But there's no wood on the fire again  
We could meet in a place you know where  
I know when to go  
Skip like a stone on the water  
Fall with no trace to lie permanently, ooh

Into the valley we roam  
Where we fumble around  
Till we find our way home  
Yet all we have is an old ball of string  
Will it reach to the end of this dark labyrinth, no  
Skip like a stone on the water  
Fall with no trace to lie permanently, ooh, ooh
