

Santa Monica Bay

Johnossi

Santa Monica bay could be the place to be for me
Many times you see, itÂ´s in your mind
Santa Monica bay could be the place to be for me
This time you see, itÂ´s in my mind
Since I was trapped inside within a bottle
That was sealed with a broken heart
I'll drown in blood, in the city of mud
Since I was trapped inside within a bottle
That was sealed with a broken heart
So far away
From your lemonade, Santa Monica bay

So far away from Santa Monica bay, and I'll do it all
Again
