

Beautiful Ones

Juicy J

Uh huh

Your boy Juicy J

Yo I had to make this song

With a beautiful one

'Cause it seems like all the time

The beautiful one's be the most thirsty This is for the thot's

Thirsty ass ho's on me

This is for the thot's

Thirsty ass ho's on me

This is for the thot's

Thirsty ass ho's on me

This is for the thot's

Thirsty ass ho's on me Take a look at her back account, shorty ain't got a dime

She only get out of bed, so she can twerk on Vine

Time to go get some money, baby, don't care if you popular

She think she's a model, 'cause she's got 3,000 followers

But that don't pay your bills, that won't feed your kids

In the club every night, you think that's where she lives

Leave the kids with her momma while she go 'round the corner

She gon' bust it wide open, then come home without a token

Got her legs wide open, got your nose wide open

Tryna confront like she somthin', homeboy you must be jokin'

She not worth it, she been up and down the block

Lil' shorty ain't no wifey, now that's what you call a thot This is for the thot's

Thirsty ass ho's on me

This is for the thot's

Thirsty ass ho's on me

This is for the thot's

Thirsty ass ho's on me

This is for the thot's

Thirsty ass ho's on me (yo, lemme tell you somethin' man) She a freak so you know she got some freak friends

Need a babysitter every single weekend

I know you know the type, so caught up in the hype

Want a man that got his own, meanwhile they sharing tights

They at all the after parties, fuckin' all the ball players

Girl, them pussy walls dead you gon' need a pallbearer

But them niggas be thirsty, they be gassin' you up

All them real niggas lookin' at you laughin' it up

I hope you wrappin' it up, give that pussy a break

All them niggas you fuckin', you never been on a date
Baby you know who you are, it's written all over your face
Go take look in the mirror, point your finger and say This is for the thot's (this is for you)
Thirsty ass ho's on me (I told you)
This is for the thot's (this is for you)
Thirsty ass ho's on me (the beautiful ones)
This is for the thot's
Thirsty ass ho's on me
This is for the thot's
Thirsty ass ho's on me The beautiful ones
I'ma toast up right now
I got some champagne
I'ma toast it up for all the beautiful ones
'Cause those the really thirsty ones
So my nigga
Make sure you wrap it up
And don't give these freaks all your money
'Cause they gon' take it
And spend it with another nigga
Let's go!
