

Oh James

Blonde Redhead

K: "What? Do you want me?
What are you waiting?
Love was ill and
no...no...no!!" Say...what your name is and
say...what's the magic?
Kill your sad expressions
Nobody should touch
what's in your heart!!" A: "What I'm trying to sell
isn't all the same.
And what is every side? Sensual?
and would be in distance
It's just a genuine need
for an average man
you and I nothing more
than love what I love" There's someone watching you K: "Love all your sad expenses
just a little more
will you ever live it?
will you ever know?" What? Do you want me?
What are you waiting?
Love was ill and
no...no...no!!" A: "What I'm trying to sell
isn't all the same.
And what is every side? Sensual?
and would be in distance
It's just a genuine need
for an average man
you and I nothing more
than love what I love" There's someone watching you
