

You're My Angel

Dynasty

You've got the smile of an angel,
And you're as sweet as you can be
I've got my heaven right here on earth,
With this love that you've given to me

As high as you've taken me,
You've got to have wings
You gave me a song boy
And I've got to sing

You're my angel
My angel (got my heaven on earth)
Oooh you're my angel (my angel)
My angel baby
My everything

And when you touch
You do it right
And I'm at peace boy when you hold me tight
Made all my tears, tears of joy
This love we have can't be destroyed

Through thick and through thin boy you're right by my side,
You made me laugh when the world made me cry

You're my angel
My angel (got my heaven on earth)
Oooh you're my angel (my angel)
My angel baby
My everything

Ooh and i love you
Ooh i need you
And I'll never let you go (not for the whole wide world)

Ooh through thick and through thin boy you're right by my side,
You made me laugh when the world made me cry

You're my angel
My angel (got my heaven on earth)

Oooh you're my angel (my angel)

My angel baby

My everything

Ooooh you're my angel (my heaven on earth)

Ooh you're my angel (my angel)

My angel baby

My everything

Ooooh (you're my angel) (got my heaven on earth)

Oooh you're my angel (my angel)

My angel baby

My everything
