Assembly Line Humans

Embodyment

Advisory - the following lyrics contain explicit language:

Assembly line, humans
Pumped with lies
Line them up, load them tight
Packed like cigarettes
A new committee
To breed lukewarm soulsGet off my back
(Please)Swallow your pride
And gagHarriet tubman
Will you set the captives free
To the underground?Take long drags on yourself
With cracker-jack poses and smiles
Another snubbed beneath your toeGet off my back
(Please)Swallow your pride
And gagHarriet tubman
Will you set the captives free
To the underground?Assembly line, humans
Pumped with lies
Line them up, load them tight
Get off my back
