

# Assembly Line Humans

## Embodiment

Advisory - the following lyrics contain explicit language:

Assembly line, humans  
Pumped with lies  
Line them up, load them tight  
Packed like cigarettes  
A new committee  
To breed lukewarm souls  
Get off my back  
(Please) Swallow your pride  
And gag Harriet tubman  
Will you set the captives free  
To the underground? Take long drags on yourself  
With cracker-jack poses and smiles  
Another snubbed beneath your toe  
Get off my back  
(Please) Swallow your pride  
And gag Harriet tubman  
Will you set the captives free  
To the underground? Assembly line, humans  
Pumped with lies  
Line them up, load them tight  
Get off my back
