

# Wishing It Was

[Santana](#)

Beauty and grace is what touches me most  
Good time can put me in fear  
Always feel safe when things are bad  
So I cannot let you come near  
It seems that I thrive on the dark side of things  
I always feel alive when the death bell rings  
Now you have come and bring out the tears in me  
Pain never makes me cry but happiness does  
It's so strange to watch my life walk by  
Wishing it was  
Wishing it was more like a fantasy  
Where every day surprises me  
Wishing it was  
This feeling won't last cause I cannot survive  
I tell you I've been here before  
When it's movin' this fast  
It's a matter of time  
One of us walks out that door  
It seems that I thrive on the dark side of things  
I always feel alive when the death bell rings  
Now you come and you bring out the tears in me  
Give this some thought  
And I'm sure you will know  
This is the way it must be  
Emotions will rise, emotions will flow  
You bring out the tears in me  
It's so strange to watch your life walk and where everyday  
I've been burning the candle at both ends  
And lied the truth I can't pretend  
This is why I will not stay baby  
Just like that I'm on my way
