

# Daydream

## Markus Schulz vs. Andy Moor

My daydream seems as one inside of you  
Though it seems hard to reach through this life

    Your blue and hopeless life

My daydream screams bitter 'til the end  
The love I share, true, selfish to the heart

    My heart, my sacred heart

    My daydream dream

    My daydream

    My daydream dream

My daydream

I'm going crazy

I'm going crazy

I don't want feelings

    Your feelings

    I have gone crazy

Motherfuckin' crazy

    I have gone
