

The Love of God for Me

The Nelons

When I look upon the ocean
I think how deep is your love.
When I look into the heavens,
I wonder how high above.
Your love cannot be measured,
I don't have the ability.

Chorus

The love of God is greater
Than any place man has been
The love of God is closer
than the dearest friend.
The love of God was demonstrated.
On the cross of Calvary.
No greater loves been given
than the love of God for me.
It is a priceless treasure
that will last eternally.

When I look upon Your beauty
When I hear creation Sing
When I feel your mighty power
I wonder how can it be
Of your love
I'm undeserving
And I don't have the words to say
Forever I am grateful
For the love that came my way.

Chorus x4
