

# Everything

## Bif Naked

My mother gave me one more reason  
Not to call you on the phone  
She told me chase girls like that  
All your life you will wind up alone I guess I just would like to take you  
Out for a cappuccino  
You refuse my advances once again  
I cant hear one more no I wish you would get over him  
Ill change your mind about everything When I wink at you, you always  
Turn the other cheek  
I drilled a hole in the girls showers  
So that at you I could peek I'd love to get you naked and throw you  
In the back of my dad's car  
I hear that if I get to third base with you  
It wont be too far I wish you would get over him  
Ill change your mind about everything As I grow older I feel better  
About me and myself  
I swear I never, ever once wished  
I was anybody else Id like to tell you I think you should  
Come up and see me sometime  
I know that I could possibly make it  
The best time of your life I wish you would get over him  
Ill change your mind about everything
