

# Donâ€™t Talk to Me About Losing

Micke Muster

Donâ€™t Talk To Me About Loosinâ€™ Micke Muster

You say youâ€™ve lost everything  
And I sequence a diamond ring  
You say youâ€™ve lost a lot cash  
And some junk and some trash  
They donâ€™t mean a thing

You say youâ€™ve lost your dignity  
And that you want some sympathy  
What I have a drink or two  
When I will talk to you  
You donâ€™t want to listen me

Refrain:

Donâ€™t talk to me about loosinâ€™  
Donâ€™t talk to me about crying and a million tears  
I know the road too well  
Iâ€™ve been there myself  
Donâ€™t talk to me about loosinâ€™

Donâ€™t talk to me about sorrow  
Donâ€™t talk to me about living in misery  
I know the road too well  
Iâ€™ve been there myself  
Donâ€™t talk to me about loosinâ€™

Iâ€™ve lost the only one of love  
The only one of I think it now  
She took off to wet ban  
Found herself another man  
She do way like a doll

So you see what I mean  
Iâ€™ve lost a lifetime green  
You think youâ€™re living in pain  
Youâ€™ve got a be insane  
Youâ€™d better listen to me

Refrain

piano

You always hang around this bar  
You seem to think that youâ€™re star  
As soon as things are gone away  
You start to complain  
Like a bunch of poking old star

There are some things that might mean more  
Then to walk through this swinging door  
And some day your luck is spent  
Youâ€™ve been talked to be a man  
As it has been before

Refrain +  
I know the road too well  
Iâ€™ve been there myself  
Donâ€™t talk to me about loosinâ€™
