

# Bone Marrow (Live on KSCR)

## Mellowdrone

Step back and shut the door, you know  
I've never seen any of these people before  
You know it sounds so nice when it comes a friend  
I say we all get dolled up and let it begin  
Slowly we sink, good as a weight  
Hand it over softly, before somebody else gets hurt  
Light my hands on fire, my sweet angel  
Take my oxygen, my bone marrow  
Whatever you do, don't stop till you're through  
It'll be alright, it'll be alright  
Take my oxygen, my sweet angel  
Oh no, let's put  
The drugs in the back, just like old times in that brown Pontiac  
I use to be so strong in the arms  
But now they're small, they're small
