

# Anywhere (feat. Will Heard)

# Dillon Francis

[Will Heard]

You're like a part of me that only I can see

You're even with me when I'm all alone

The people stop and stare, they say that no one's there

Maybe we're better when we're on our ownCause they don't know you like I know you

I know they don't

No, they don't

And they won't love you like I love you

I know they won't

No, they won't I'll take you anywhere I go

Anywhere

I'll take you anywhere I go

Anywhere

I'll take you anywhere I go

Anywhere

I'll take you anywhere I go

Anywhere You take me to a place, I know I have to face

You show me things that I have never seen

But they don't believe in us, they knew I have to trust

You make me someone I would not have been Cause they don't know you like I know you

I know they don't

No, they don't

And they won't love you like I love you

I know they won't

No, they won't I'll take you anywhere I go

Anywhere

I'll take you anywhere I go

Anywhere

I'll take you anywhere I go

Anywhere

I'll take you anywhere I go

Anywhere

I'll take you anywhere I go

Anywhere

I'll take you anywhere I go

Anywhere

I'll take you anywhere I go

Anywhere

I'll take you anywhere I go

Anywhere Oh I'll take you anywhere  
Oh I'll take you  
Oh I'll take you anywhere (Oh I'll take you...)
