

Starship Trooper

[Rick Wakeman](#)

Sister bluebird flying high above
Shine your wings forward to the sun
Hide the myst'ries of life on your way
Though you've seen them, please don't say a word
What you don't know, I have never heard
Starship trooper, go sailing on by
Catch my soul, catch the very night
Hide the moment from my eager eyes
Though you've seen them, please don't tell a soul
What you can't see, can't be very whole
Speak to me of summer, long winters longer than time can remember
Setting up of other roads, travel on in old accustomed ways
I still remember the talks by the water, the proud sons and daughters
That knew the knowledge of the land
Spoke to me in sweet accustomed ways
Mother life, hold firmly on to me
Catch my knowledge higher than the day
Lose as much as only you can show
Though you've seen them, please don't say a word
What I don't know, I have never shared
Loneliness is a power that we possess to give or take away forever
All I know can be shown by your acceptance
Of the fact there shown before you
Take what I say in a different way and it's easy to say
That this is all confusion
As I see a new day in me, I can also show if you and you may follow
Speak to me of summer, long winters
longer than time can remember
Setting up of other roads, travel on in old accustomed ways
I still remember the talks by the water, the proud sons and daughters
That knew the knowledge of the land
Spoke to me in sweet accustomed ways
