Hollywood (feat. Penguin Prison)

RAC

I'm not telling you again what you need
It's just a slap around
To make everything stoá¹— and cure the fall
When you come back down
I'm not everything you wantI'm just a tease
Maybe a matter of touch
You could tell me what you want, I'll give it to you
Maybe you think to muchCause you're Hollywood, you never should
We never talk anymore
With your high heels on
You kill the sun, I'm not your friend anymoreI'm so sick and tired of everyone telling you what you want
I could never keep track who's gonna come
When you start waving your magic wand
And you seem to forget everything that you said
Before you had it written for you
There's too much going on that you need to belong to
It's the only thing you know how to doCause you're Hollywood, another world
You made it all on your own
With your high heels on
You kill the sun, I'm not your friend anymoreYou went to Hollywood to make itHollywood, you never should
We never talk anymore
With your high heels on
You kill the sun, I'm not your friend anymore
Not your friend anymore,
Not your friend anymore,
Not your friend anymore,Not your friend anymore,
Not your friend anymore,
Not your friend anymore,
