

Belle Fleur

Stevie Nicks

Mountain women
Live in the canyon
Canyon dancing
All night long
They form a circle
Hand in hand
Are you with me, lady stranger
Voice rings
Are you looking for a man?
Oh, will you dance with me? Will you dance with me, baby? Well this is no ticket to dreamland
A garden for feelings to grow in
As I run to the door of the long black car Belle
Will you dance with me
Will you dance with me, baby? And the days go by
Sunsets and sunrise
Sing to me a lullaby
Sing to me of the daytime I will sing you a story of moonlight
Will you dance with me?
Will you dance with me, baby? Sunset sound, sunrise
Sing to me a lullaby
I will sing to you of the nighttime
I will sing you the story of the moonlight, moonlight Will you dance with me?
Belle blue, belle flower It's just love, it's only love
So will you dance with me? Mountain women
They live in the canyon
Canyon dancing
All night long
They form a circle
Hand in hand
Are you with me, lady stranger
Voice rings
Are you looking for a man?
