

Rise

Venom

All ye sinners rise raise your hands and fists
With fire in your eyes show no mercy
Ancient battle cries call to arms in war
Never compromise take no prisoners Rise, rise, rise
Rise, rise, rise Hold your head up high never we retreat
Made of flesh and blood we are perfect
Ancient battle cries metal to the core
Make them realize we are legions Rise, rise, rise
Rise, rise, rise
Rise, rise, rise
Rise, rise, rise Oh yeah, are you feeling wild? Hell yeah All ye sinners rise fighting hands and fists
With fire in your eyes show no mercy
Ancient battle cries call to arms in war
Never compromise take no prisoners Rise, rise, rise
Rise, rise, rise
