

Let Go (Frou Frou)

Boys Like Girls

Drink up baby down
Mmm, are you in or are you out?
Leave your things behind
'Cause it's all going off without you Excuse me, too busy, you're writing your tragedy
These mishaps, you bubble wrap
When you've no idea what you're like So let go, let go, jump in
Oh, well watchaya waiting for? It's alright
'Cause there's beauty in the breakdown Let go, let go, just get in
Oh, it's so amazing here, it's alright
'Cause there's beauty in the breakdown It gains, the more it gives
And than rises with the fall
So hand me that remote
Can't you see that all that stuffs a sideshow? Such boundless pleasures
We've no time for later now
You can't await your own arrival
Twenty seconds to comply So let go, let go, jump in
Oh, well watchaya waiting for? It's alright
'Cause there's beauty in the breakdown Let go, let go, just get in
Oh, it's so amazing here, it's alright
'Cause there's beauty in the breakdown So let go, let go, jump in
Oh, well watchaya waiting for? It's alright
'Cause there's beauty in the breakdown Let go, let go, just get in
Oh, it's so amazing here, it's alright
'Cause there's beauty in the breakdown The breakdown
'Cause there's beauty in the breakdown
So amazing here
'Cause there's beauty in the breakdown
