

White Shoes

Randy Meisner

J. Tempchin I want 'em
I need 'em
And I'm gonna go out and get 'em
White shoes
I know I'll
Feel better
When I slide down into the leather
White shoes You know she left me with a lonesome blues
Been sittin' around too long with nothin' to do
Yeah, she really made me pay those dues
But, I'm going out on the town tonight
In white shoes
White shoes
Woah, woah, white shoes
White shoes
Woah, woah - white shoes
Well, I woke up
From a dream
When I saw 'em in a magazine
White shoes
I said, "Jack
You gotta start new
And the first thing you gonna do
Is get some white shoes" You know she left me with a lonesome blues
Been sittin' around too long with nothin' to do
Yeah, she really made me pay those dues
But, I'm going out on the town tonight
In white shoes
White shoes
Woah, woah, white shoes
White shoes
Woah, woah - white shoes
I want 'em
I need 'em
Yes, and I went out
And got 'em
White shoes You know she left me with a lonesome blues
Been sittin' around too long with nothin' to do
Yeah, she really made me pay those dues

But, I'm going out on the town tonight

In white shoes

White shoes

Woah, woah, white shoes

White shoes

Woah, woah - white shoes
