

Love Comes to Everyone

George Harrison

Go do it, got to go through that door
There's no easy way out at all
Still it only takes time
'Til love comes to everyone For you who it always seems blue
It all comes, it never rains
But it all pours, still it only takes time
'Til love comes to everyone There in your heart
Something that's never changing
Always a part of something that's never aging
That's in your heart It's so true it can happen to you all
There knock and it will open wide
And it only takes time
'Til love comes to everyone
