A Broken Heart Still Beats

The Rigs

Smile at the crowd
But I know you're lonely
To say it out loud
Is to admit that you're beatI know the truth
I know your secrets
Might not be safe
But danger is sweetOoooohhhhhhh
Stay, forget about heaven
Stay where the sun makes darkness bleed
Stay, walk with your demons
The truth is a broken heart still beatsStop fighting the fight
It's already been won
It never ends
But you're almost doneCan't hide from the light
Cause you've never been no one
The shadows you feel
Just slaves to the sunOoooohhhhhh
Stay, forget about heaven
Stay where the sun makes darkness bleed
Stay, walk with your demons
The truth is a broken heart still beatsGive me a hand
I'll give you a reason
I see your fear
That I know you feedLost leading the blind
Let's jump in the deep end
You don't need to hide
You just need to breatheOoooohhhhhh
Stay, forget about heaven
Stay where the sun makes darkness bleed
Stay, walk with your demons
The truth is a broken heart still beatsStay, forget about heaven
Stay where the sun makes darkness bleed
Baby stay, walk with your demons
The truth is a broken heart still beats
