

# Magic

Gary Numan

When I sleep  
I slide into  
Some heaven  
But no one is there.If I believed,  
If I should wonder,  
If I forgive  
Then would you come for me?When I sleep  
I hear sad words  
Songs of God  
That show me the lie.'I'll keep you safe,  
I'll keep you warm and  
I'll keep you here,  
Alone forever.'And I believe in faith and magic.  
And I believe in love and wonder.  
And I'll believe in you when you come for me.  
And I'll believe in you when the world comes apart.
