

# Admit the Rat

## [Next](#)

I got a story 'bout all these rats  
All these sewer rats and all these gun rats  
I'm talkin' 'bout these gold diggin rats, these hood rats  
My grandmother's a rat, she's just an old school rat  
My mother's a rat, she's just a high class rat  
My sister's rats, she's just a middle class rat  
My cousin's rats, they just low class rats  
I'm tired of rats tryin' to get into my boy's pockets  
I'm tired of rats tryin' to ride around in my cars  
I'm tired of rats talkin' all that jibber jabber to their friends  
But on one day these rats are gonna be straight  
No diss to rats 'cause there are some rats that I love too  
My message to you today is admit the rat in you  
To all women admit the rat in you  
Admit the rat in you  
Admit the rat in you
