

Open Your Eyes To Love

LMNT

You've been searching the world to find true love
Looking in all the wrong places
When all of the time you've been blind to love
As plain as the nose on your faces It's here, it's now
Open your eyes and see it
Right here, right now
Open your eyes to love You've been down on yourself thinking some things are wrong
Wondering why love has never found you
Don't you know it's been right here all along
If only you'd look around you It's here, it's now
Open your eyes and see it
Right here, right now
Open your eyes to love Love has been right by your side
Oh, so close that you couldn't see
If love could speak it would shout to the sky
I've always been here, I always will be I'm here, I'm now
Open your eyes and see
Right here, right now
Open your eyes to love
Open your eyes
Open your mind to love
Open your heart to love
