

# In Love With You

112

Every day I think about all the love you give me  
All the ways you show your love and girl, it drives me crazy  
Every day our love grows stronger, every time I see you  
Thinking about this love you give me, girl, I can't get over you now Just how I feel for you  
Tell me your love will always be here for me  
I need your love, don't ever take it away  
Tell me with me is where you'll always stay You are so special to me, I need you here with me  
Someone to love me always, I'm in love with you  
You are so special to me, why don't you stay with me?  
So we can be together, I'm in love with you Never was a love before me, no one else compares to you  
No one does the things you do to make me feel the way I do  
Every time I see your pretty face it makes me love you more  
All this time I've looked for love and now it is knocking at my door Just how I feel for you  
Tell me your love will always be here for me  
I need your love don't ever take it away  
Tell me with me is where you'll always stay You are so special to me, I need you here with me  
Someone to love me always, I'm in love with you  
You are so special to me, why don't you stay with me?  
So we can be together, I'm in love with you You mean the world to me and you're more special than you think  
Baby, you must believe, that I love you so You are so special to me, I need you here with me  
Someone to love me always, I'm in love with you  
You are so special to me, why don't you stay with me?  
So we can be together, I'm in love with you You are so special to me, I need you here with me  
Someone to love me always, I'm in love with you  
You are so special to me, why don't you stay with me?  
So we can be together, I'm in love with you You are so special to me, I need you here with me  
Someone to love me always, I'm in love with you  
You are so special to me, why don't you stay with me?  
So we can be together, I'm in love with you You are so special to me, I need you here with me  
Someone to love me always, I'm in love with you  
You are so special to me, why don't you stay with me?  
So we can be together, I'm in love with you  
Someone to love me always, I'm in love with you  
You are so special to me, why don't you stay with me?  
So we can be together, I'm in love with you
