# Talk to Me

## Cymbals

Hi honey, TALK TO ME
Say all the things I wanted to hear so bad
It's not something, not nothing
Both good and bad
Not funny, don't want me
I'm not changing my plans
What attitude change honeymoon
Not settling down
Oh, it's not money,
It's you and me
I know what I found
TALK TO ME, talk through me
I'm feeling like we haven't got something onLove the way she comes
I want it all, I want it all of tone
My hearty tone, be on your own
I'm chasing up life from your heart to mineHi honey, out with me
Not holding my hands
Oh baby, ride with me
Of it all of these boiling streets I found
I'm on it, well I want it
So I'm sitting with you funds
It's not money, just trust me
I'm feeling like we haven't got something on(x2)
Love ??? the way she comes
I want it all, I want it all of tone
My hearty tone, be on your own
I'm chasing up life from your heart to mine
