

Telephone

Twin Peaks

I heard the ringing on the telephone
Set aside a dream and we were on our own
I can't seem to understand
A word came through from the other end
And now I would lie to you alone I heard the ringing on the telephone
I heard you ringing on the telephone
I can't seem to understand
A word you've said since you've been gone
But I keep hanging on, oh oh
I went out to the wasteland, had no means or end
I got brains, but the quake man, need love to lend a hand
I went out to the wastes, man
Looking for a friend and when you leave for your own plans
I hope that this don't end...
