Simple Things

P.y.t.

We swore our love forever
And stick always together
(yeah ohhhhhhhhh) (uh huh)CHORUS:
Love is a
Love is a
Love is a most simple thing
But you're never gonna make it
If you're gonna fake itThe first time we met
We shared equal respect
How far do you have to go until you forget
We started as lovers
With devotion and love
Now the chance it broken
Life's toughI tried to tell you boy you're not right for me
When you cheat on me with every girl you see
Just give it up
You're sorry please
'cause it's not meant to be
If you want me boy
I'm afraid you've lost my sympathyDon't look back just go for what's ahead of you
Don't look back I've go a different point of view
Don't look back just go for what's ahead of you
Don't look back I've got a different point of viewREPEAT CHORUSI'd rather know the painful truth
Than a soothing lie
Life's much too short
So please except my goodbye
There's no turning back
Please don't even try
You've just gone too far
You've gambled too highYou played your games on me
Playing with my heart
Didn't care about me
That was tearing me apart
I'm through with it
The only one I should really love
That is me, myself but really that's in love boyREPEAT CHORUSDon't look back just go for what's ahead of you
Don't look back I've go a different point of view
Don't look back just go for what's ahead of you

Don't look back I've got a different point of viewWhen you find yourself alone
Feeling stronger on your own
And you're looking into the unknown
That's when you've finally grownREPEAT CHORUSLife's much too short so please except my goodbye
