Tell Me It's Real

New Heights

The day is brighter here with you
You show me love can make it through
I wanted nothing more than thisMy heart, it beats along for you
It sings a simple song on cue
We both deny this fire insideI look in your eyes, all I see is perfection
Like the moon is aligning the sea to the shore
We both are awake, but we face this direction
So what are we waiting forSo tell me it's real
That I have found you
You are the one I've been waiting for
I'm learning to feel that I'm alive again
I can't believe it's soSo tell me it's real
Oh won't you tell me it's realSo take my hand and follow me
This is the world we hoped it'd be
And now we live it every day
ForeverSo Tell me it's real
That I have found you
You are the one I've been waiting for
I'm learning to feel that I'm alive again
I can't believe it's soYes I found you
Girl I found you
I'll never let you go
I'll never let you goYes we found each other
Girl we found each other
I'll never let you go
I'll never let you goWon't you tell me it's realDarling tell me it's realTell me it's real
