

# Best Night Ever

## Gloriana

She walked up said she needed a drink  
I said whatcha want, she said, whatcha think?  
I took a sip and we were slipping away  
to a little corner table to the left of the stage.

It was just some random night in July  
No there wasn't no fireworks up in the sky  
Thought it was nothing, we were just having fun  
Next thing you know....

We shook the world like a rocket  
Dancing with my hands in her pockets  
Sun coming up couldn't stop it  
Woah, Woah  
When she talked, I just wanted to listen  
Just like that we were kissin  
Never off the edge and i'm missin  
Nothin about, how it started out  
I said what's up, catch a buzz  
Talkin bout forever, ended up being  
The best night ever

We were there, till they closed down the bar  
Then we spent a couple hours leaning up on your car  
Watch the stars fade out, my head on your shoulder  
Saying Baby please don't let it be over  
I've been living all over this town, trying to recreate it  
but i never found, whatever it was, whatever we had,  
no nothing no, nothing's gonna ever top that

We shook the world like a rocket  
Dancing with my hands in her pockets  
Sun coming up couldn't stop it  
Woah, Woah  
When she talked I just wanted to listen  
Just like that we were kissin  
Never off the edge and i'm missin  
Nothin about, how it started out  
I said what's up, catch a buzz  
Talkin bout forever, ended up being

The best night ever

Wasn't even trying to fall in love, but just like that, 3-2-1

We shook the world like a rocket  
Dancing with my hands in her pockets  
Sun coming up couldn't stop it  
Woah, Woah  
When she talked I just wanted to listen  
Just like that we were kissin  
Never off the edge and i'm missin  
Nothin about, how it started out  
I said what's up, catch a buzz  
Talkin bout forever, ended up being  
The best night

What's up, catch a buzz  
Talkin bout forever, ended up being  
The best night ever

Woah

Best night ever

Woahhh, woahhhhh

Best night ever
