

# Til I Loved You

## Restless Heart

'Til I loved you  
I didn't know the meaning of the word  
I was only takin'  
Giving nothing in return  
My life was an empty page  
Less than an even trade  
'Til I loved you  
My heart was an island unto itself  
I thought I needed no one  
'Til I looked into your eyes  
I knew it all right then  
I saw what a fool I'd been  
'Til I loved you  
( 'Til I loved you)  
I didn't know what I was missin'?  
Til I loved you  
Taught me that dreamers don't need wings to fly  
'Til I loved you  
I had never tasted tears of joy  
When I take you in my arms  
There's no doubt in my mind  
This is where I belong  
The loneliness is gone  
I was livin' my life all wrong  
'Til I loved you
