

# On and On

[Jolie Holland](#)

Like a [...] come rolling up the plains  
Like the pull of the tide  
With the full moon again, like the low and distant rumble  
Getting closer to the falls  
I can feel this love  
Coming on and on  
I can feel this love  
Coming on Lightning flash, thunder crash and the night come down  
And the stars swim around  
When you take my hand I swung like I was stunned  
I can feel this love  
Coming on and on  
I can feel this love  
Coming on Please be gentle with my heart  
Cause I'm in love with you  
I'm in love with you  
And I know you do me justice  
And I know you won't do me harm  
And I hope you do me the honor  
Of letting me love you so strong, let me  
Love you on and on  
Let me love you like I want Please be gentle with my heart  
Cause I'm in love with you  
I'm in love with you
